

MEDICAL CERTIFICATE

The undersigned, ....., gives evidence by the presence that:

Mr/Mrs.....

born in .....

Living in .....

presents an insulindependent diabetes, a disorder requiring several injections of insulin a day. In these conditions, he can move neither inside nor outside Belgium without the necessary material for his/her injections, namely :

- X Syringes or pens with insulin
- X Needles
- X Cartridges or bottles of insulin
- X Emergency sets of Glucagen
- X Drink (up to 250 ml to control hypoglycaemia)
- X Devices for glycemia control (Abbott FreeStyle Libre) ! Do not pass in scan for handluggages, absolutely need to keep in hands

For long-time flights specifically, the absence of insulin can lead to life threatening accidents such as coma.

Medical certificate established at the request of the interested.  
Transmitted to the person mentioned above to vindicate his rights.

Liège, .....
